INFORMATION DISCLOSURE STATEMENT UNDER 37 CFR § 1.97

In compliance with 37 CFR § 1.56, the references A - NNNN listed below and on the attached Information Disclosure Citation are being brought to the Examiner's attention for consideration in connection with the examination of the above-identified patent application.

Copies of references A-SS, WW-FFF and HHH-FFFF are enclosed; references TT, UU, VV and GGG are not enclosed as Applicant was unable to locate copies. However, these missing references were cited in connection with the prosecution of US Application No. 10/007,779, now issued as Patent No. 7,148,001 issued 12/12/2006 and should be found within.

Applicants and their attorney submit that the references cited herein taken alone or in combination neither anticipate nor render obvious the present invention. The listed references relate to the general field of the disclosure and these citations do not constitute an admission that the references are relevant or material to the claims; they are cited only as constituting the closest art of which the Applicants are aware.

Attached hereto is a check for \$180 to cover the fee for submitting this citation after receipt of the first office action, under 37 CFR 1.97(d). Applicant submits that its extra diligence and
